CONDITIONAL SALE AGREEMENT dated as of May 15, 1977, between PULLMAN INCORPORATED (Pullman Standard Division), a Delaware corporation (hereinafter called the Vendor or Builder, as more particularly set forth in ARTICLE 1 hereof) and SEABOARD COAST LINE RAILROAD COMPANY, a Virginia corporation (hereinafter called the Railroad).

WHEREAS the Builder has agreed to construct, sell and deliver to the Railroad, and the Railroad has agreed to purchase, the equipment described in Schedule B hereto (hereinafter called the Equipment); and

WHEREAS the Railroad has entered into a letter agreement dated as of May 15, 1977, with Metropolitan Life Insurance Company (hereinafter called the Letter Agreement);

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements hereinafter set forth, the parties hereto do hereby agree as follows:

ARTICLE 1. Certain Definitions; Additional Agreements. The term "Vendor", whenever used in this Agreement, means, before any assignment of any of its rights hereunder, Pullman Incorporated (Pullman Standard Division) and any successor or successors for the time being to its manufacturing properties and business, and, after any such assignment, both any assignee or assignees for the time being of such particular assigned rights as regards such rights, and also any assignor as regards any rights hereunder that are retained or excluded from any assignment. The term "Builder", whenever used in this Agreement, means, both before and after any such assignment, Pullman Incorporated (Pullman Standard Division) and any successor or successors for the time being to its manufacturing properties and business.

ARTICLE 2. Construction and Sale. Pursuant to this Agreement, the Builder shall construct the Equipment and will sell and deliver to the Railroad, and the Railroad will purchase from the Builder and accept delivery of and pay for (as hereinafter provided), the Equipment, each unit of which shall be constructed in accordance with the specifications set forth therefor in Schedule B hereto and in accordance with such modifications thereof as may be agreed upon

in writing between the Builder and the Railroad (which specifications and modifications, if any, are hereinafter called the Specifications). The design, quality and component parts of each unit of the Equipment shall conform, on the date of completion of manufacture of each thereof, to all Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards recommended by the Association of American Railroads, in each case reasonably interpreted as being applicable to equipment of the character of such units of the Equipment and each unit of the Equipment (except to the extent referred to in Schedule A hereto and/or Article 8 hereof) will be new railroad equipment.

ARTICLE 3. Inspection and Delivery. The Builder will deliver the units of its Equipment to the Railroad at the place or places specified in Schedule B hereto (or if Schedule B does not specify a place or places, at the place or places designated from time to time by the Railroad), freight charges, if any, prepaid, in accordance with the delivery schedule set forth in Schedule B hereto; provided, however, that the Builder shall not have any obligation to deliver any unit of Equipment hereunder at any time after the commencement of any proceedings specified in clause (c) or (d) of Article 16 hereof or if any event of default (as described in Article 16 hereof), or event which with the lapse of time and/or demand could constitute such an event of default, shall have occurred and be continuing.

The Builder's obligation as to time of delivery is subject, however, to delays resulting from causes beyond the Builder's reasonable control, including but not limited to acts of God, acts of government such as embargoes, priorities and allocations, war or war conditions, riot or civil commotion, sabotage, strikes, differences with workmen, accidents, fire, flood, explosion, damage to plant, equipment or facilities, delays in receiving necessary materials or delays of carriers or subcontractors.

Notwithstanding the preceding provisions of this Article 3, any Equipment not delivered, accepted and settled for pursuant to Article 4 hereof prior to the Cut-Off Date (as defined in Article 4 hereof) shall be excluded herefrom. If any unit or units of Equipment shall be excluded from this Agreement pursuant to the immediately preceding sentence, the Builder and the Railroad shall execute an agreement supplemental hereto limiting this

Agreement to the units of Equipment not so excluded herefrom. If the Builder's failure to deliver Equipment so excluded from this Agreement resulted from one or more of the causes set forth in the immediately preceding paragraph, the Railroad shall nevertheless be obligated to accept such Equipment and pay the full purchase price therefor, determined as provided in this Agreement, if and when such Equipment shall be completed and delivered by the Builder, such payment to be in cash on the delivery of such Equipment, either directly or, in case the Railroad shall arrange therefor, by means of a conditional sale agreement, equipment trust or such other appropriate method of financing as the Railroad shall determine and as shall be reasonably acceptable to the Builder.

During construction, the Equipment shall be subject to inspection and approval by the authorized inspectors of the Railroad and the Builder shall grant to such authorized inspectors reasonable access to its plant. The Builder agrees to inspect all materials used in the construction of its Equipment in accordance with the standard quality control practices of the Builder. Upon completion of each unit or of a number of units of the Equipment, such unit or units shall be presented to an inspector of the Railroad for inspection at the place specified for delivery of such unit or units, and if each such unit conforms to the Specifications, requirements and standards applicable thereto, such inspector or an authorized representative of the Railroad shall execute and deliver to the Builder a certificate of acceptance (hereinafter called the Certificate of Acceptance) stating that such unit or units have been inspected and accepted on behalf of the Railroad and are marked in accordance with Article 7 hereof; provided, however, that the Builder shall not thereby be relieved of its warranty referred to in Article 14 hereof.

On delivery of each such unit hereunder at the place specified for delivery, the Railroad will assume the responsibility and risk of, and shall not be released from its obligations hereunder in the event of, any damage to or the destruction or loss of such unit.

ARTICLE 4. Purchase Price and Payment. The base price or prices per unit of the Equipment are set forth in Schedule B hereto. Such base price or prices are subject to such increase or decrease as is agreed to by the Builder and the Railroad. The term "Purchase Price" as used herein

shall mean the base price or prices as so increased or decreased, including without limitation any increase pursuant to the presentation of a supplemental invoice as hereinafter provided, plus off-line freight charges, if any.

If the aggregate Purchase Price shall exceed \$21,500,000, the Builder (and any assignee of the Builder) and the Railroad, unless waived by the Railroad, will enter into an agreement excluding from this Agreement such unit or units of Equipment then proposed to be settled for and specified by the Railroad, as will, after giving effect to such exclusion, reduce the aggregate Purchase Price of the Equipment under this Agreement to not more than \$21,500,000 and the Railroad agrees to purchase any such unit or units so excluded from this Agreement from the Builder for cash on the date such unit or units would otherwise have been settled for under this Agreement either directly, or by means of a conditional sale, equipment trust or other appropriate method of financing as the Railroad shall determine and shall be reasonably acceptable to the Builder.

For the purpose of making settlement, the Equipment shall be divided into such number of groups of units of the Equipment, delivered to and accepted by the Railroad (each such group being hereinafter called a Group), as the Builder and the Railroad may agree to.

The Railroad hereby acknowledges itself to be indebted to the Vendor in the amount of, and hereby promises to pay in cash to the Vendor at such place as the Vendor may designate, the Purchase Price of the Equipment, as follows:

(a) on each Closing Date (as hereinafter defined) the amount, if any, by which (x) the Purchase Price of all units of the Equipment for which settlement has theretofore or is then being made, as stated in the invoice or invoices presented in respect of such Closing Date (said invoiced prices being hereinafter called the Invoiced Purchase Prices) exceeds (y) the sum of the maximum amount which Metropolitan Life Insurance Company shall be obligated to invest on and prior to such Closing Date pursuant to the Letter Agreement and any amount or amounts previously paid or payable with respect to the Invoiced Purchase Prices of the Equipment hereunder pursuant to this subparagraph (a); and

(b) in 30 consecutive equal (except for appropriate adjustment of the final instalment in case the

amount payable pursuant to this subparagraph (b) shall not, when divided by 30, result in an amount ending in an integral cent) semiannual instalments, as hereinafter provided, an amount equal to the aggregate of the Invoiced Purchase Prices for all the Equipment less the amount paid or payable with respect thereto pursuant to subparagraph (a) of this paragraph (the aggregate of said instalments being hereinafter called the Conditional Sale Indebtedness).

In the event that on any Closing Date the final Purchase Price of any Group has not been finally determined, the invoice presented may be for an estimated Purchase Price, subject to adjustment upon determination of the final Purchase Price, and a supplemental invoice may be presented by the Builder at least 10 days prior to any subsequent Closing Date for settlement on such subsequent Closing Date for any increase in the Purchase Price; it being understood and agreed by the Builder that any prior preliminary invoice or invoices presented by the Builder shall be in amount not in excess of the final Purchase Price of such Group.

The instalments of the Conditional Sale Indebtedness payable pursuant to subparagraph (b) of the fourth paragraph of this Article 4 shall be payable semiannually on April 1 and October 1 in each year commencing on April 1, 1978, to and including October 1, 1992. The unpaid portion of the Conditional Sale Indebtedness shall bear interest from the respective Closing Dates on which such indebtedness was incurred at the rate of 8.35% per annum. All such interest shall be payable on April 1 and October 1 in each year, commencing on October 1, 1977.

The term "Closing Date" with respect to any Group of the Equipment shall mean such date (on or after the date hereof and prior to the date set forth in Item 2 of Schedule A hereto [hereinafter called the Cut-Off Date]), not more than ten business days following presentation by the Builder to the Railroad of the invoice and the Certificate or Certificates of Acceptance for such Group, as shall be fixed by the Railroad by written notice delivered to the Vendor at least seven business days prior to the Closing Date designated therein.

The term "business days" as used herein means calendar days, excluding Saturdays, Sundays and any other day on which banking institutions in New York, New York, are authorized or obligated to remain closed.

All interest under this Agreement shall be calculated on the basis of a 360-day year of twelve 30-day months.

The Railroad will pay, to the extent legally enforceable, interest at the rate of 9.35% per annum upon all amounts remaining unpaid after the same shall have become due and payable pursuant to the terms hereof, anything herein to the contrary notwithstanding.

All payments provided for in this Agreement shall be made in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts. Except as provided in Article 8 hereof the Railroad shall not have the privilege of prepaying any instalment of its indebtedness hereunder prior to the date it becomes due.

In the event the Vendor, pursuant to Article 15 hereof, assigns the right to receive the payments herein provided to be made by the Railroad, the assignee thereof may request the Railroad to make and the Railroad shall make such payments to it at such address as shall be supplied to the Railroad by the assignee.

ARTICLE 5. Taxes. All payments to be made by the Railroad hereunder will be free of expense to the Vendor for collection or other charges and will be free of expense to the Vendor with respect to the amount of any local, state, federal or foreign taxes (other than net income, gross receipts [except gross receipts taxes in the nature of or in lieu of sales or use taxes], excess profits and similar taxes) or license fees, assessments, charges, fines or penalties hereafter levied or imposed upon or in connection with or measured by, this Agreement or any sale, use, payment, shipment, delivery or transfer of title under the terms hereof (all such expenses, taxes, license fees, assessments, charges, fines and penalties being hereinafter called impositions), all of which impositions the Railroad assumes and agrees to pay on demand. The Railroad will also pay promptly all impositions which may be imposed upon the Equipment delivered to it or for the use or operation thereof or upon the earnings arising therefrom or upon the Vendor solely by reason of its interest therein and will keep at all times all and every part of the Equipment free and clear of all impositions which might in any way affect the

title or interests of the Vendor or result in a lien upon any part of the Equipment; provided, however, that the Railroad shall be under no obligation to pay any impositions of any kind so long as it is contesting in good faith and by appropriate legal proceedings such impositions and the nonpayment thereof does not, in the opinion of the Vendor, adversely affect the title or interests or rights of the Vendor in or to the Equipment or otherwise under this Agreement. If any such impositions shall have been charged or levied against the Vendor directly and paid by the Vendor, the Railroad shall reimburse the Vendor upon presentation of an invoice therefor, and any amounts so paid by the Vendor shall be secured by and under this Agreement; provided, however, that the Railroad shall not be obligated to reimburse the Vendor for any impositions so paid unless the Vendor shall have been legally liable with respect thereto (as evidenced by an opinion of counsel for the Vendor) or unless the Railroad shall have approved the payment thereof.

ARTICLE 6. Title to the Equipment. The Vendor shall and hereby does retain its title and interests in the Equipment until the Railroad shall have made all its payments under this Agreement and shall have kept and performed all its agreements herein contained, notwithstanding the delivery of the Equipment to and the possession and use thereof by the Railroad as provided in this Agreement. Any and all additions to the Equipment and any and all replacements of the Equipment and of parts thereof and additions thereto shall constitute accessions to the Equipment and shall be subject to all the terms and conditions of this Agreement and included in the term "Equipment" as used in this Agreement.

Except as otherwise specifically provided in Article 8 hereof, when and only when the full indebtedness in respect of the Purchase Price of the Equipment, together with interest and all other payments as herein provided, shall have been paid, and all the Railroad's obligations herein contained shall have been performed by the Railroad, absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad without further transfer or action on the part of the Vendor. However, the Vendor, if so requested by the Railroad at that time, will (a) execute a bill or bills of sale for the Equipment transferring and releasing its title to and interests therein to the Railroad, or upon its order, free of all claims, liens, interests and encumbrances created or retained

hereby and deliver such bill or bills of sale to the Railroad at its address referred to in Article 21 hereof, (b) execute and deliver at the same place, for filing, recording or depositing in all necessary public offices, such instrument or instruments in writing as may be necessary or appropriate in order then to make clear upon the public records such transfer and release and (c) pay to the Railroad any money paid to the Vendor pursuant to Article 8 hereof and not theretofore applied as therein provided. The Railroad hereby waives and releases any and all rights, existing or that may be acquired, in or to the payment of any penalty, forfeit or damages for failure to execute and deliver such bill or bills of sale or instrument or instruments or to file any certificate of payment in compliance with any law or statute requiring the filing of the same, except for failure to execute and deliver such bill or bills of sale or instrument or instruments or to file such certificate within a reasonable time after written demand by the Railroad.

ARTICLE 7. Marking of the Equipment. The Railroad will cause each unit of the Equipment to be kept numbered with its identifying number as set forth in Schedule B hereto, or in the case of Equipment not there listed such identifying number as shall be set forth in any amendment or supplement hereto extending this Agreement to cover such Equipment, and will keep and maintain, plainly, distinctly, permanently and conspicuously marked on each side of each unit, in letters not less than one inch in height, the words "Ownership Subject to a Security Interest Filed under the Interstate Commerce Act, Section 20c", or other appropriate markings approved by the Vendor, with appropriate changes thereof and additions thereto as from time to time may be required by law in order to protect the Vendor's title and interests in the Equipment and its rights under this Agreement. The Railroad will not place any such unit in operation or exercise any control or dominion over the same until such markings have been made thereon and will replace promptly any such markings which may be removed, defaced or destroyed. The Railroad will not change the number of any unit of the Equipment except in accordance with a statement of new number or numbers to be substituted therefor, which statement previously shall have been filed with the Vendor by the Railroad and filed, recorded and deposited by the Railroad in all public offices where this Agreement shall have been filed, recorded and deposited.

Except as provided in the immediately preceding paragraph, the Railroad will not allow the name of any person, association or corporation to be placed on any unit of the Equipment as a designation that might be interpreted as a claim of ownership; provided, however, that the Railroad may cause the Equipment to be lettered with the names or initials or other insignia of the Railroad or its affiliates.

ARTICLE 8. Casualty Occurrences; Insurance.

In the event that any unit of the Equipment shall be worn out, lost, stolen, destroyed, irreparably damaged or otherwise rendered permanently unfit for use from any cause whatsoever, or taken or requisitioned by condemnation or otherwise (such occurrences being hereinafter called Casualty Occurrences), the Railroad shall promptly and fully inform the Vendor in regard thereto (after it has knowledge of such Casualty Occurrence). When the aggregate Casualty Value (as defined herein) of all units of the Equipment having suffered a Casualty Occurrence (exclusive of units having suffered a Casualty Occurrence with respect to which a payment shall have been made or with respect to which the Railroad shall have received credit pursuant to this Article 8) shall exceed \$200,000, the Railroad, within 180 days after it has knowledge of such event, shall promptly pay to the Vendor a sum equal to the aggregate Casualty Value of such units of the Equipment as of the date of such payment, and shall file with the Vendor a certificate of an officer of the Railroad setting forth the Casualty Value of each unit of the Equipment suffering a Casualty Occurrence; provided, however, that if any proceedings specified in clause (c) or (d) of Article 16 hereof shall have been commenced or if a Default, as hereinafter defined, shall have occurred and be continuing, the Railroad shall forthwith after it has knowledge of the Casualty Occurrence pay to the Vendor a sum equal to the Casualty Value of the unit suffering a Casualty Occurrence.

So long as no proceedings specified in clause (c) or (d) of Article 16 hereof shall have been commenced and no event of default or event which with notice, lapse of time and/or demand or failure to take action provided for in Article 16 hereof (any such event of default or event being herein called a Default) shall have occurred and be continuing, the Railroad may, at any time after it has informed the

Vendor in regard to a Casualty Occurrence, cause to be transferred to the Vendor a replacement unit or units of standard-gauge railroad rolling stock equipment of types other than passenger and work equipment first put into service no earlier than the date of this Agreement, and receive credit therefor in an amount equal to the value thereof against any Casualty Value payment it might otherwise be required to make in respect of the unit which shall have suffered the Casualty Occurrence; it being understood and agreed, however, that the term replacement unit or units shall include freight locomotives and exclude cabooses. Any unit of replacement equipment shall have a remaining useful life at least as long as the Equipment being replaced would have had but for such Casualty Occurrence. The value of any unit or units of replacement equipment shall be equal to the cost thereof, if new, as specified in the invoice therefor delivered to the Vendor or, if not new, the lesser of the fair value thereof or the original cost thereof less depreciation at a rate of 6% of such original cost for each year in service.

Any money paid to the Vendor pursuant to the first paragraph of this Article 8 shall be applied on the date of receipt thereof to the prepayment of each of the instalments of the Conditional Sale Indebtedness in the inverse order of maturity, without premium. The Railroad shall also pay to the Vendor on the date of any such prepayment the unpaid interest accrued hereunder in respect of the Conditional Sale Indebtedness so prepaid.

The Casualty Value of each unit of the Equipment (other than a replacement unit) shall be deemed to be that amount which bears the same ratio to the original Purchase Price thereof (less, in the event that the Railroad shall have made any payment or payments under the provisions of subparagraph (a) of the fourth paragraph of Article 4 hereof, an amount which bears the same ratio to the aggregate of all such payments as the original Purchase Price of such unit bears to the original aggregate Purchase Price of all the Equipment) as the unpaid Conditional Sale Indebtedness (without giving effect to any prepayments then or theretofore made pursuant to this Article 8) as of the date payment is made with respect to such Casualty Occurrence bears to the original Conditional Sale Indebtedness. The Casualty Value of each replacement unit shall be deemed to be that amount which bears the same ratio to the value thereof as of the date of acquisition by the Vendor of such replace-

ment is made with respect to such Casualty Occurrence bears to the original Conditional Sale Indebtedness. The Casualty Value of each replacement unit shall be deemed to be that amount which bears the same ratio to the value thereof as of the date of acquisition by the Vendor of such replacement unit as the unpaid Conditional Sale Indebtedness (without giving effect to any prepayments then or theretofore made pursuant to this Article 8) as of the date payment is made with respect to such Casualty Occurrence bears to the unpaid Conditional Sale Indebtedness (without giving effect to any such prepayments) as of the date of acquisition by the Vendor of such replacement unit.

The Railroad will cause any replacement unit or units to be marked as provided in Article 7 hereof. Any and all such replacements of Equipment shall constitute accessions to the Equipment and shall be subject to all appropriate terms and conditions of this Agreement as though part of the original Equipment delivered hereunder and shall be included in the term "Equipment" as used in this Agreement; provided, however, that nothing herein shall result in the Builder having any liability or obligation with respect to any replacement unit or units not manufactured by it. Title to all such replacement units shall be free and clear of all liens and encumbrances except the liens permitted by the second paragraph of Article 12 hereof and shall be taken initially and shall remain in the name of the Vendor subject to the provisions hereof, and the Railroad shall execute, acknowledge, deliver, file, record or deposit all such documents and do any and all such acts as may be necessary to cause such replacement units to come under and be subject to this Agreement and to protect the title and interests of the Vendor to such replacement units. All such replacement units shall be guaranteed and warranted in like manner as is customary at the time for similar equipment.

Whenever the Railroad shall transfer any unit of replacement equipment to the Vendor in lieu of making all or any part of any Casualty Value payment, the Railroad shall file with the Vendor at the time of transfer of such replacement unit:

- (1) a certificate of a Vice President or other officer of the Railroad certifying that such replacement unit conforms to the requirements of the second paragraph of this Article 8, first put into services no earlier than

January 1, 1977, with a remaining useful life at least as long as the Equipment being replaced would have had but for the Casualty Occurrence and has been marked as required by the provisions of this Article 8 and certifying, in the event such replacement unit is new equipment, the cost of such replacement unit and, in the event such replacement unit shall be equipment theretofore used in railroad service, the fair value thereof and the original cost thereof less depreciation at a rate of 6% per annum; and

(2) an opinion of counsel for the Railroad that security title to such replacement unit is vested in the Vendor free and clear from all claims, liens, security interests and other encumbrances except the rights of the Railroad under this Agreement, and that such unit has come under and become subject to this Agreement and all necessary filings and recordings have been made to perfect the title and interests of the Vendor therein.

In order to facilitate the sale or other disposition of any Equipment suffering a Casualty Occurrence, the Vendor shall, upon request of the Railroad, after satisfaction by the Railroad of its obligation in respect of the Casualty Value of such Equipment, execute and deliver to the Railroad or the Railroad's vendee, assignee or nominee, a bill of sale (without warranties) for such Equipment, and such other documents as may be required to release such Equipment from the terms and scope of this Agreement, in such form as may be reasonably requested by the Railroad.

The Railroad will at all times prior to the payment of the full indebtedness in respect of the Purchase Price of the Equipment, together with interest thereon and all other payments required hereby, at its own expense, cause to be carried and maintained insurance in respect of the Equipment at the time subject hereto, and public liability insurance, in amounts and against risks customarily insured against by railroad companies on or in respect of similar equipment, and in any event in amounts and against risks comparable to those insured against by the Railroad on or in respect of similar equipment owned by it.

ARTICLE 9. Maintenance; Compliance with Laws and Rules. The Railroad will at all times maintain the

Equipment or cause the Equipment to be maintained in good order and repair at its own expense.

During the term of this Agreement, the Railroad will at all times comply in all respects with all laws of the jurisdictions in which its operations involving the Equipment may extend, with the interchange rules of the Association of American Railroads and with all lawful rules of the Department of Transportation, Interstate Commerce Commission and any other legislative, executive, administrative or judicial body exercising any power or jurisdiction over the Equipment to the extent that such laws and rules affect the title, operation or use of the Equipment, and in the event that such laws or rules require any alteration, replacement or addition of any part on any unit of the Equipment, the Railroad will conform therewith, at its own expense; provided, however, that the Railroad may, in good faith, contest the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of the Vendor, adversely affect the property or rights of the Vendor under this Agreement.

ARTICLE 10. Reports and Inspections. On or before April 1 in each year, commencing with the year 1978, the Railroad shall furnish to the Vendor an accurate statement signed by an officer of the Railroad (a) setting forth as at the preceding December 31 the amount, description and numbers of all units of the Equipment that have suffered a Casualty Occurrence during the preceding calendar year or that have been withdrawn from use pending repairs (other than running repairs) and such other information regarding the condition and state of repair of the Equipment as the Vendor may reasonably request and (b) stating that, in the case of all Equipment repaired or repainted during the period covered by such statement, the numbers and markings required by Article 7 hereof have been preserved or replaced. The Vendor shall have the right, by its agents, to inspect the Equipment and the Railroad's records with respect thereto at such reasonable times as the Vendor may request during the term of this Agreement.

So long as any Conditional Sale Indebtedness shall be unpaid, the Railroad will deliver to the Vendor, (i) as soon as practicable after the end of the first, second and third quarterly accounting periods in each fiscal year of the Railroad and in any event within 60 days thereafter, two copies of the balance sheet and related statements of income

and of retained earnings of the Railroad for each such quarter and (in the case of the second and third quarters) for the portion of the fiscal year ending with such quarter, setting forth in each case in comparative form, the figures for the corresponding periods in the previous fiscal year, all in reasonable detail and certified as complete and correct, subject to changes resulting from year-end adjustments, by an accounting officer of the Railroad; (ii) as soon as available, the reports of the Railroad filed with the Interstate Commerce Commission on Form R-1; (iii) as soon as practicable after the end of each fiscal year of the Railroad, and in any event within 120 days thereafter, two copies of the balance sheet and related statements of income and retained earnings of the Railroad for such year, setting forth in each case in comparative form the figures for the previous fiscal year, all in reasonable detail, certified as complete and correct by an accounting officer of the Railroad; (iv) as soon as available, two copies of the annual report to stockholders of Seaboard Coast Line Industries, Inc.; (v) promptly upon the filing of the same, the annual report under the Securities Exchange Act of 1934 of the Railroad; and (vi) with reasonable promptness, such other data as from time to time reasonably may be requested by the Vendor.

ARTICLE 11. Possession and Use. The Railroad, so long as an event of default shall not have occurred under this Agreement and be continuing, shall be entitled to the possession of the Equipment and the use thereof upon the lines of railroad owned or operated by it either alone or jointly with others and whether under lease or otherwise, or upon the lines of railroad owned or operated by any railroad company controlled by, or under common control with, the Railroad, or over which it has trackage rights, or upon connecting and other carriers in the usual interchange of traffic or pursuant to run-through agreements, from and after delivery of such units of Equipment by the Builder to the Railroad; provided, however, that the Railroad shall not be entitled to assign the Equipment for regular use outside of the United States of America. The Railroad represents, warrants and agrees that all of the Equipment is to be used or is intended for use in connection with interstate commerce.

ARTICLE 12. Prohibition Against Liens. The Railroad will pay or discharge any and all sums claimed by any party from, through or under the Railroad or its successors or assigns which, if unpaid, might become a lien, charge

or security interest on or in the Equipment, or any unit thereof, equal or superior to the Vendor's title or interests therein; provided, however, that the Railroad shall be under no obligation to pay or discharge any such claim so long as it is contesting in good faith and by appropriate legal proceedings such claim and the nonpayment thereof does not, in the opinion of the Vendor, adversely affect the title or interests of the Vendor in or to the Equipment or otherwise under this Agreement. Any amounts paid by the Vendor in discharge of liens, charges or security interests upon the Equipment shall be secured by and under this Agreement.

This covenant will not be deemed breached by reason of liens for taxes, assessments or governmental charges or levies, in each case not due and delinquent, or undetermined or inchoate materialmen's, mechanics', workmen's, repairmen's or other like liens arising in the ordinary course of business and, in each case, not delinquent.

ARTICLE 13. Railroad's Indemnities. The Railroad agrees to indemnify, protect and hold harmless the Vendor from and against all losses, damages, injuries, liabilities, claims and demands whatsoever, regardless of the cause thereof, and expenses in connection therewith, including counsel fees arising out of retention by the Vendor of its title to and interests in the Equipment, the use and operation thereof by the Railroad during the period when such title and interests remain in the Vendor or the transfer of such title and interests in the Equipment by the Vendor pursuant to any of the provisions of this Agreement, except, however, any losses, damages, injuries, liabilities, claims and demands arising out of any breach or failure to perform any covenant hereunder by the Builder. This covenant of indemnity shall continue in full force and effect notwithstanding the full payment of all sums due under this Agreement, or the satisfaction, discharge or termination of this Agreement in any manner whatsoever.

The Railroad represents that it is not entering into this Agreement directly or indirectly in connection with any arrangement or understanding in any way involving any employee benefit plan with respect to which it is a party in interest, all within the meaning of the Employee Retirement Income Security Act of 1974.

ARTICLE 14. Builder's Representation; Patent Indemnities; and Builder's Warranties of Material and Workmanship. The Builder represents that it is not entering into this Agreement, or entering into any assignment of this Agreement, directly or indirectly in connection with any arrangement or understanding in any way involving any employee benefit plan with respect to which it is a party in interest, all within the meaning of the Employee Retirement Income Security Act of 1974.

The agreement of the parties relating to the Builder's warranty of material and workmanship is set forth in Item 3 of Schedule A hereto and the agreement of the parties relating to patent indemnification is set forth in Item 4 of said Schedule A.

ARTICLE 15. Assignments. The Railroad will not sell, assign, transfer or otherwise dispose of its rights under this Agreement or, except as provided in Article 11 hereof, transfer the right to possession of any unit of the Equipment without first obtaining the written consent of the Vendor. A sale, assignment, transfer or disposition to a railroad company organized under the laws of the United States of America or any of the states thereof which shall acquire all or substantially all the lines of railroad of the Railroad, and which, by execution of an appropriate instrument satisfactory to the Vendor, shall assume and agree to perform each of, and all, the obligations and covenants of the Railroad under this Agreement, shall not be deemed a breach of this covenant, provided such railroad company immediately after such acquisition shall have capital and surplus aggregating at least that of the Railroad immediately prior to such acquisition.

All or any of the rights, benefits and advantages of the Vendor under this Agreement, including the right to receive the payments herein provided to be made by the Railroad, may be assigned by the Vendor and reassigned by any assignee at any time or from time to time. No such assignment shall subject any assignee to, or relieve the Builder from, any of the obligations of the Builder to construct and deliver the Equipment in accordance with this Agreement or to respond to the warranties and indemnities contained or referred to in Article 14 hereof, or relieve the Railroad of any of its obligations to the Builder under Articles 2, 3, 4, 5, 13 and 14 hereof and this Article 15 or of any other obligation which, according to its terms or

context, is intended to survive an assignment.

Upon any such assignment either the assignor or the assignee shall give written notice to the Railroad, together with a counterpart or copy of such assignment, stating the identity and post office address of the assignee, and such assignee shall by virtue of such assignment acquire all the assignor's right, title and interest in and to the Equipment and this Agreement, or in and to a portion thereof, as the case may be, subject only to such reservations as may be contained in such assignment. From and after the receipt by the Railroad of the notification of any such assignment, all payments thereafter to be made by the Railroad under this Agreement shall, to the extent so assigned, be made to the assignee in such manner as it may direct.

The Railroad recognizes that it is the custom of railroad equipment manufacturers to assign conditional sale agreements and understands that the assignment of this Agreement, or of some of or all the rights of the Vendor hereunder, is contemplated. The Railroad expressly represents, for the purpose of assurance to any person, firm or corporation considering the acquisition of this Agreement or of all or any of the rights of the Vendor hereunder and for the purposes of inducing such acquisition, that in the event of such assignment by the Vendor as hereinbefore provided, the rights of such assignee to the entire unpaid indebtedness in respect of the Purchase Price or such part thereof as may be assigned, together with interest thereon, as well as any other rights hereunder which may be so assigned, shall not be subject to any defense, setoff, counterclaim or recoupment whatsoever arising out of any breach of any obligation of the Builder with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or with respect to any indemnity herein contained, nor subject to any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Builder. Any and all such obligations, howsoever arising, shall be and remain enforceable by the Railroad against and only against the Builder.

The Railroad will (a) in connection with each settlement for the Equipment subsequent to such assignment, deliver to the assignee, at least five business days prior to the Closing Date for the Group fixed in the notice by the Railroad, all documents required by the terms of such

assignment to be delivered to such assignee in connection with such settlement, in such number of counterparts or copies as may reasonably be requested, except for any opinion of counsel for such assignee, and (b) furnish to such assignee such number of counterparts of any other certificate or paper required by the Vendor as may reasonably be requested.

If this Agreement shall have been assigned by the Builder and the assignee shall not make payment to the Builder with respect to units of Equipment as provided in the instrument making such assignment, the Builder will promptly notify the Railroad of such event and, if such amount shall not have been previously paid by such assignee, the Railroad will, not later than 90 days after the date such payment was due, pay or cause to be paid to the Builder the aggregate unpaid Purchase Price of such units of Equipment, together with interest from the day such payment was due to the date of payment by the Railroad at the prime rate of interest charged by The Chase Manhattan Bank, N.A., in effect on the first business day of the month prior to such payment of the aggregate unpaid Purchase Price.

ARTICLE 16. Defaults. In the event that any one or more of the following events of default shall occur and be continuing, to wit:

(a) the Railroad shall fail to pay in full any indebtedness in respect of the Purchase Price of the Equipment or, if within five days after payment thereof shall be due hereunder, any other sum payable by the Railroad as provided in this Agreement; or

(b) the Railroad shall, for more than 30 days after the Vendor shall have demanded in writing performance thereof, fail or refuse to comply with any covenant, agreement, term or provision of this Agreement, or of any agreement entered into concurrently herewith relating to the financing of the Equipment on its part to be kept or performed or to make provision satisfactory to the Vendor for such compliance; or

(c) a petition for reorganization under Section 77 of the Bankruptcy Act, as now constituted or as said Section 77 may be hereafter amended, shall be filed by or against the Railroad and, unless such petition shall have been dismissed, nullified, stayed or other-

wise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Railroad under this Agreement shall not have been (and shall not continue to have been) duly assumed in writing, pursuant to a court order or decree, by a trustee or trustees appointed (whether or not subject to ratification) in such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees, within 30 days after such appointment, if any, or 60 days after such petition shall have been filed, whichever shall be earlier; or

(d) any other proceedings shall be commenced by or against the Railroad for any relief under any bankruptcy or insolvency law, or law relating to the relief of debtors, readjustments of indebtedness, reorganizations, arrangements, compositions or extensions (other than a law which does not permit any readjustment of the indebtedness payable hereunder), and, unless such proceedings shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Railroad under this Agreement shall not have been (and shall not continue to have been) duly assumed in writing, pursuant to a court order or decree, by a trustee or trustees or receiver or receivers appointed (whether or not subject to ratification) for the Railroad or for its property in connection with any such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees or receiver or receivers, within 30 days after such appointment, if any, or 60 days after such proceedings shall have been commenced, whichever shall be earlier; or

(e) the Railroad shall make or suffer any unauthorized assignment or transfer of this Agreement or any interest herein or any unauthorized transfer of the right to possession of any unit of the Equipment;

then at any time after the occurrence of such an event of default the Vendor may, upon written notice to the Railroad and upon compliance with any mandatory legal requirements then in force and applicable to such action by the Vendor,

declare (hereinafter called a Declaration of Default) the entire indebtedness in respect of the Purchase Price of the Equipment, together with the interest thereon then accrued and unpaid, immediately due and payable, without further demand, and thereafter the aggregate of the unpaid balance of such indebtedness and interest shall bear interest from the date of such Declaration of Default at the rate per annum specified in Article 4 hereof as being applicable to amounts remaining unpaid after becoming due and payable, to the extent legally enforceable. The Vendor shall thereupon be entitled to recover judgment for the entire unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment so payable, with interest as aforesaid, and to collect such judgment out of any property of the Railroad wherever situated. The Railroad shall promptly notify the Vendor of any event which has come to its attention which constitutes, or which with the giving of notice and/or lapse of time could constitute, an event of default under this Agreement.

The Vendor may at its election waive any such event of default and its consequences and rescind and annul any Declaration of Default by notice to the Railroad in writing to that effect, and thereupon the respective rights of the parties shall be as they would have been if no such event of default had occurred and no Declaration of Default had been made. Notwithstanding the provisions of this paragraph, it is expressly understood and agreed by the Railroad that time is of the essence of this Agreement and that no such waiver, rescission or annulment shall extend to or affect any other or subsequent default or impair any rights or remedies consequent thereon.

ARTICLE 17. Remedies. At any time during the continuance of a Declaration of Default, the Vendor may, subject to compliance with any mandatory legal requirements then in force and applicable to the action to be taken by the Vendor, take or cause to be taken by its agent or agents immediate possession of the Equipment, or one or more of the units thereof, without liability to return to the Railroad any sums theretofore paid and free from all claims whatsoever, except as hereinafter in this Article 17 expressly provided, and may remove the same from possession and use of the Railroad or any other person and for such purpose may enter upon the Railroad's premises or any other premises where the Equipment may be located (without judicial process if this can be done without breach

of the peace) and may use and employ in connection with such removal any supplies, services and aids and any available trackage and other facilities or means of the Railroad.

In case the Vendor shall demand possession of the Equipment pursuant to this Agreement and shall reasonably designate a point or points upon the premises of the Railroad for the delivery of the Equipment to the Vendor, the Railroad shall, at its own expense, forthwith and in the usual manner (including, but not by way of limitation, giving prompt telegraphic and written notice to the Association of American Railroads and all railroads to which any part of the Equipment has been interchanged to return the Equipment so interchanged), cause (a) the Equipment to be moved to such point or points on its lines as shall be designated by the Vendor and shall there deliver the Equipment or cause it to be delivered to the Vendor and (b) the Equipment to be moved to such interchange point or points of the Railroad as shall be designated by the Vendor upon any sale, lease or other disposal of all or any part of the Equipment by the Vendor. At the option of the Vendor, the Vendor may keep the Equipment on any of the lines or premises of the Railroad until the Vendor shall have leased, sold or otherwise disposed of the same, and for such purpose the Railroad agrees to furnish, without charge for rent or storage, the necessary facilities at any point or points selected by the Vendor reasonably convenient to the Railroad and, at the Railroad's risk, to permit inspection of the Equipment by the Vendor, the Vendor's representatives and prospective purchasers and users. This agreement to deliver the Equipment and furnish facilities as hereinbefore provided is of the essence of the agreement between the parties, and, upon application to any court of equity having jurisdiction in the premises, the Vendor shall be entitled to a decree against the Railroad requiring specific performance hereof. The Railroad hereby expressly waives any and all claims against the Vendor and its agent or agents for damages of whatever nature in connection with any retaking of any unit of the Equipment in any reasonable manner.

At any time during the continuance of a Declaration of Default, the Vendor (after retaking possession of the Equipment as hereinbefore in this Article 17 provided) may at its election and upon such notice as is hereinafter set forth retain the Equipment in satisfaction of the entire indebtedness in respect of the Purchase Price of the Equipment and make such disposition thereof

as the Vendor shall deem fit. Written notice of the Vendor's election to retain the Equipment shall be given to the Railroad by telegram or registered mail, addressed as provided in Article 21 hereof, and to any other persons to whom the law may require notice, within 30 days after such Declaration of Default. In the event that the Vendor should elect to retain the Equipment and no objection is made thereto within the 30-day period described in the second proviso below, all the Railroad's rights in the Equipment shall thereupon terminate and all payments made by the Railroad may be retained by the Vendor as compensation for the use of the Equipment by the Railroad; provided, however, that if the Railroad, before the expiration of the 30-day period described in the proviso below, should pay or cause to be paid to the Vendor the total unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment, together with interest thereon accrued and unpaid and all other payments due under this Agreement as well as expenses of the Vendor in retaking possession of, removing and storing the Equipment and the Vendor's reasonable attorneys' fees, then in such event absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad; provided, further, that if the Railroad or any other persons notified under the terms of this paragraph object in writing to the Vendor within 30 days from the receipt of notice of the Vendor's election to retain the Equipment, then the Vendor may not so retain the Equipment, but shall sell, lease or otherwise dispose of it or continue to hold it pending sale, lease or other disposition as hereinafter provided or as may otherwise be permitted by law. If the Vendor shall have given no notice to retain as hereinabove provided or notice of intention to dispose of the Equipment in any other manner, it shall be deemed to have elected to sell the Equipment in accordance with the provisions of this Article 17.

At any time during the continuance of a Declaration of Default, the Vendor, with or without retaking possession thereof, at its election and upon reasonable notice to the Railroad and to any other persons to whom the law may require notice of the time and place, may sell the Equipment, or any unit thereof, free from any and all claims of the Railroad or any other party claiming from, through or under the Railroad, at law or in equity, at public or private sale and with or without advertisement as the Vendor may determine; provided, however, that if,

prior to such sale and prior to the making of a contract for such sale, the Railroad should tender full payment of the total unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment, together with interest thereon accrued and unpaid and all other payments due under this Agreement as well as expenses of the Vendor in retaking possession of, removing, storing, holding and preparing the Equipment for, and otherwise arranging for, the sale and the Vendor's reasonable attorneys' fees, then in such event absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad. The proceeds of such sale, less the attorneys' fees and any other expenses incurred by the Vendor in retaking possession of, removing, storing, holding, preparing for sale and selling the Equipment, shall be credited on the amount due to the Vendor under the provisions of this Agreement.

Any sale hereunder may be held or conducted at such place or places and at such time or times as the Vendor may specify, in one lot and as an entirety or in separate lots and without the necessity of gathering at the place of sale the property to be sold, and in general in such manner as the Vendor may determine. The Vendor or the Railroad may bid for and become the purchaser of the Equipment, or any unit thereof, so offered for sale. The Railroad shall be given written notice of such sale not less than ten days prior thereto, by telegram or registered mail addressed to the Railroad as provided in Article 21 hereof. If such sale shall be a private sale (which shall be deemed to mean only a sale where an advertisement for bids has not been published in a newspaper of general circulation or a sale where less than 40 offerees have been solicited in writing to submit bids), it shall be subject to the right of the Railroad to purchase or provide a purchaser, within ten days after notice of the proposed sales price, at the same price offered by the intending purchaser or a better price. In the event that the Vendor shall be the purchaser of the Equipment, it shall not be accountable to the Railroad (except to the extent of surplus money received as hereinafter provided in this Article 17), and in payment of the purchase price therefor the Vendor shall be entitled to have credited on account thereof all or any part of the sums due to the Vendor from the Railroad hereunder. From and after the date of any such sale, the Railroad shall pay to the Vendor the per diem interchange for each unit of Equipment which shall not have been assembled, as hereinabove provided, by the date

of such sale for each day from the date of such sale to the date of delivery to the purchaser at such sale.

Each and every power and remedy hereby specifically given to the Vendor shall be in addition to every other power and remedy hereby specifically given or now or hereafter existing at law or in equity, and each and every power and remedy may be exercised from time to time and simultaneously and as often and in such order as may be deemed expedient by the Vendor. All such powers and remedies shall be cumulative, and the exercise of one shall not be deemed a waiver of the right to exercise any other or others. No delay or omission of the Vendor in the exercise of any such power or remedy and no renewal or extension of any payments due hereunder shall impair any such power or remedy or shall be construed to be a waiver of any default or an acquiescence therein. Any extension of time for payment hereunder or other indulgence duly granted to the Railroad shall not otherwise alter or affect the Vendor's rights or the Railroad's obligations hereunder. The Vendor's acceptance of any payment after it shall have become due hereunder shall not be deemed to alter or affect the Railroad's obligations or the Vendor's rights hereunder with respect to any subsequent payments or default therein. The Vendor and the Railroad agree that the Vendor shall be entitled to all rights provided for in § 77(j) of the Bankruptcy Act or any comparable provision of any amendment thereto, or of any other bankruptcy act, so that the Vendor shall have the right to take possession of the Equipment upon an event of default under this Agreement regardless of whether or not the Railroad is in reorganization.

If, after applying all sums of money realized by the Vendor under the remedies herein provided, there shall remain any amount due to it under the provisions of this Agreement, the Railroad shall pay the amount of such deficiency to the Vendor upon demand, together with interest from the date of such demand to the date of payment by the Railroad at the rate per annum set forth in Article 4 hereof applicable to amounts remaining unpaid after becoming due and payable. If the Railroad shall fail to pay such deficiency, the Vendor may bring suit therefor and shall be entitled to recover a judgment therefor against the Railroad. If, after applying as aforesaid all sums realized by the Vendor, there shall remain a surplus in the possession of the Vendor, such surplus shall be paid to the Railroad.

The Railroad will pay all reasonable expenses, including attorneys' fees, incurred by the Vendor in enforcing its remedies under the terms of this Agreement. In the event that the Vendor shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit the Vendor may recover reasonable expenses, including attorneys' fees, and the amount thereof shall be included in such judgment.

The foregoing provisions of this Article 17 are subject in all respects to all mandatory legal requirements at the time in force and applicable thereto.

Article 18. Applicable State Laws. Any provision of this Agreement prohibited by any applicable law of any jurisdiction (which is not overridden by applicable Federal law) shall as to such jurisdiction be ineffective, without modifying the remaining provisions of this Agreement. Where, however, the conflicting provisions of any such applicable law may be waived, they are hereby waived by the Railroad to the full extent permitted by law, it being the intention of the parties hereto that this Agreement shall be deemed to be a conditional sale and enforced as such.

Except as otherwise provided in this Agreement, the Railroad, to the full extent permitted by law, hereby waives all statutory or other legal requirements for any notice of any kind, notice of intention to take possession of or to sell or lease the Equipment, or any unit thereof, and any other requirements as to the time, place and terms of the sale or lease thereof, any other requirements with respect to the enforcement of the Vendor's rights under this Agreement and any and all rights of redemption.

ARTICLE 19. Recording. The Railroad will cause this Agreement, any assignments hereof and any amendments or supplements hereto or thereto to be filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act. The Railroad will from time to time do and perform any other act and will execute, acknowledge, deliver, file, register, deposit and record any and all further instruments required by law or reasonably requested by the Vendor for the purposes specified in the immediately preceding sentence of this Article 19. The Railroad will promptly furnish to the Vendor an opinion of counsel for the Railroad to the effect that all necessary filings and recordings have been made to protect the interests

of the Vendor in and to the Equipment.

The Railroad will promptly furnish to the Vendor certificates or other evidence satisfactory to the Vendor of such filing, registering, depositing and recording.

ARTICLE 20. Payment of Expenses. The Railroad will pay all reasonable costs and expenses (other than the fees and expenses of counsel for the Builder) incident to this Agreement and the first assignment of this Agreement and any instrument supplemental or related hereto or thereto, including all fees and expenses of special counsel for the first assignee of this Agreement. If the first assignee is not an agent, such assignee may appoint a bank or trust company located in either the Borough of Manhattan, City and State of New York, or in Chicago, Illinois, having capital and surplus aggregating at least \$50,000,000 to act as agent on its behalf to hold all the right, title and interests of the Builder under this Agreement assigned to it, all upon and subject to the terms and conditions provided for in a written agreement to be entered into by the first assignee and such agent in form and substance satisfactory to the first assignee and such agent; and the Railroad hereby agrees to pay all reasonable costs and expenses of such Agent.

ARTICLE 21. Notice. Any notice hereunder to any of the parties designated below shall be deemed to be properly served if delivered or mailed to it at its chief place of business at the following specified addresses:

(a) to the Railroad, at 3600 West Broad Street, Richmond, Virginia 23230, Attention of L. G. Anderson, Esq., Vice President and Treasurer,

(b) to the Builder, at the address specified in Item 1 of Schedule A hereto, and

(c) to any assignee of the Vendor or of the Railroad, at such address as may have been furnished in writing to each of the other parties hereto by such assignee,

or at such other address as may have been furnished in writing by such party to the other parties to this Agreement.

ARTICLE 22. Article Headings; Effect and Modification of Agreement. All article headings are inserted for convenience only and shall not affect the construction or interpretation of this Agreement.

This Agreement, including the Schedules hereto, exclusively states the rights of the Vendor and the Railroad with respect to the Equipment and supersedes all other agreements, oral or written, with respect to the Equipment. No variation or modification of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized officers of the Vendor and the Railroad.

ARTICLE 23. Law Governing. The Railroad warrants that its principal places of business and executive offices are located in the state specified in clause (a) of Article 21 hereof and the State of Florida. The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of the Commonwealth of Virginia; provided, however, that the parties shall be entitled to all rights conferred by Section 20c of the Interstate Commerce Act and such additional rights arising out of the filing, recording or deposit hereof, if any, and of any assignment hereof as shall be conferred by the laws of the several jurisdictions in which this Agreement or any assignment hereof shall be filed, recorded or deposited.

ARTICLE 24. Execution. This Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. Although this Agreement is dated, for convenience, as of the date first set forth above, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due corporate authority, have caused this instrument to be executed in their respective corporate names by their officers, thereunto duly authorized, and their respective corporate seals to be hereunto affixed, duly attested, all as of the date first above written.

AGREEMENT AND ASSIGNMENT, dated as of May 15, 1977, between METROPOLITAN LIFE INSURANCE COMPANY (hereinafter called the Assignee), and PULLMAN INCORPORATED (Pullman Standard Division) (hereinafter called the Builder).

WHEREAS, the Builder and Seaboard Coast Line Railroad Company (hereinafter called the Railroad), have entered into a Conditional Sale Agreement dated as of the date hereof (hereinafter called the Conditional Sale Agreement), covering the construction, sale and delivery, on the conditions therein set forth, by the Builder and the purchase by the Railroad of the railroad equipment described in Schedule B to the Conditional Sale Agreement (said equipment being hereinafter called the Equipment);

NOW, THEREFORE, THIS AGREEMENT AND ASSIGNMENT (hereinafter called this Assignment) WITNESSETH: That, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid by the Assignee to the Builder, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained:

SECTION 1. The Builder hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) all the right, title and interest of the Builder in and to each unit of the Equipment when and as severally delivered to and accepted by the Railroad, subject to payment by the Assignee to the Builder of the amount required to be paid to the Builder under Section 4 hereof;

(b) all the right, title and interest of the Builder in and to the Conditional Sale Agreement (except the right to construct and deliver the Builder's Equipment and the right to receive the payments specified in the third paragraph of Article 3 thereof and in subparagraph (a) of the fourth paragraph of Article 4 thereof and the last paragraph of Article 15 thereof and reimbursements for taxes paid or incurred by the Builder as provided in Article 5 thereof), and in and to any and all amounts which may be or become due or owing by the

Railroad to the Builder under the Conditional Sale Agreement in respect of that portion of the Purchase Price (as defined in the Conditional Sale Agreement) of the Equipment which is payable in instalments, and interest thereon, and in and to any other sums becoming due from the Railroad under the Conditional Sale Agreement, other than those hereinabove excluded; and

(c) except as limited by subparagraph (b) hereof, all the Builder's rights, powers, privileges and remedies under the Conditional Sale Agreement;

without any recourse against the Builder for or on account of the failure of the Railroad to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement; provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the liability of the Builder to construct and deliver the Equipment in accordance with the Conditional Sale Agreement or with respect to its obligations contained or referred to in Article 14 of the Conditional Sale Agreement, or relieve the Railroad from its obligations to the Builder contained or referred to in Articles 2, 3, 4, 5, 13, 14 and 15 of the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Article 15 of the Conditional Sale Agreement, all obligations of the Builder to the Railroad with respect to the Equipment shall be and remain enforceable by the Railroad, its successors and assigns, against and only against the Builder. In furtherance of the foregoing assignment and transfer, the Builder hereby authorizes and empowers the Assignee, in the Assignee's own name or in the name of the Assignee's nominee, or in the name of and as attorney hereby irrevocably constituted for the Builder, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and to ask, demand, sue for and enforce compliance by the Railroad with the terms and agreements on its part to be performed under the Conditional Sale Agreement, but at the expense and liability and for the sole benefit of the Assignee.

SECTION 2. The Builder agrees that it shall construct its Equipment in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to

the Railroad in accordance with the provisions of the Conditional Sale Agreement; and that, notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Railroad that at the time of delivery of each unit of the Equipment under the Conditional Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and that title to such unit was free of all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement); and the Builder further agrees that it will defend the title to each unit of the Equipment against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the Conditional Sale Agreement; all subject, however, to the provisions of the Conditional Sale Agreement and the rights of the Railroad thereunder. The Builder will not deliver any unit of the Equipment to the Railroad until all the filings and recordations referred to in Article 19 of the Conditional Sale Agreement in respect of the Equipment have been effected as provided in said Article 19.

SECTION 3. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any instalment of, or interest on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, the Builder will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever of the Railroad arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Article 15 of the Conditional Sale Agreement, to strike any defense, setoff, counterclaim or recoupment asserted by the Railroad in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such suit,

proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

The Builder, to the same extent it has agreed to indemnify the Railroad with respect to infringement of any patent or other right as set forth or referred to in Article 14 of the Conditional Sale Agreement, hereby agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Assignee will give prompt notice to the Builder of any such liability or claim actually known to the Assignee and will give the Builder the right, at the Builder's expense, to compromise, settle or defend against such claim. The Builder agrees that any amounts payable to it by the Railroad with respect to the Equipment, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 4. The Assignee, on each Closing Date fixed as provided in Article 4 of the Conditional Sale Agreement with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder for settlement on such Closing Date as contemplated in Article 4 of the Conditional Sale Agreement, an amount equal to the portion of the Purchase Price of the Equipment, as shown on the invoice therefor then being settled for which, under the terms of said Article 4, is payable in instalments as set forth in subparagraph (b) of said Article 4, provided that there shall have been delivered to the Assignee, as provided in Article 15 of the Conditional Sale Agreement, at least five business days (as defined in said Article 4) prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel

hereinafter mentioned, in such number of counterparts as may be reasonably requested by said special counsel:

(a) a bill of sale from the Builder to the Assignee transferring to the Assignee all right, title and interest of the Builder in the Equipment in such Group, warranting to the Assignee and to the Railroad that at the time of delivery of the units under the Conditional Sale Agreement the Builder had legal title to such units and good and lawful right to sell such units and that title to such units was free of all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement), and covenanting to defend the title to such units against the demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder under the Conditional Sale Agreement;

(b) a Certificate or Certificates of Acceptance with respect to the units of the Equipment in such Group as contemplated by Article 3 of the Conditional Sale Agreement;

(c) an invoice of the Builder for the units of the Equipment in such Group and any supplemental invoice for which settlement is then being made, in each case accompanied by or having endorsed thereon a certification by the Railroad as to the correctness of the prices stated therein;

(d) an opinion of Messrs. Cravath, Swaine & Moore, who are acting as special counsel for the Assignee, dated as of such Closing Date, to the effect that (i) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Railroad and the Builder and is a legal, valid and binding instrument, enforceable in accordance with its terms, (ii) this Assignment has been duly authorized, executed and delivered by the Builder and is a legal, valid, binding and enforceable instrument, (iii) the Assignee is vested with all the rights, titles, interests, powers and privileges purported to be assigned to it by this Assignment, (iv) the Assignee has the valid and perfected security title in the units of the Equipment in such Group, and such units, at the time of delivery thereof to the Railroad under the Conditional Sale Agreement,

were free from all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement), (v) no approval of the Interstate Commerce Commission or any other governmental authority is necessary for the valid execution and delivery of the Conditional Sale Agreement or this Assignment, or if any such authority is necessary, it has been obtained, (vi) the Conditional Sale Agreement and this Assignment have been duly filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act and no other filing or recordation is necessary for the protection of the rights of the Assignee in any state of the United States of America or in the District of Columbia, and (vii) registration of the Conditional Sale Agreement or this Assignment is not required under the Securities Act of 1933, as amended, and qualification of an indenture with respect thereto is not required under the Trust Indenture Act of 1939, as amended; such opinion shall also state that said counsel have examined the opinions being delivered on such Closing Date pursuant to subparagraphs (e) and (f) of this Section 4, that such opinions are satisfactory in form and scope to said counsel and that said counsel believe that the Assignee is justified in relying thereon; and such opinion shall also cover such other matters as may reasonably be requested by the Assignee;

(e) an opinion of counsel for the Railroad, dated as of such Closing Date, to the effect set forth in clauses (i), (iv), (v) and (vi) of subparagraph (d) above, and stating that the Railroad is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as conducted on the date thereof;

(f) an opinion of counsel for the Builder, dated as of such Closing Date, to the effect set forth in clauses (iii) and (iv) of subparagraph (d) above in respect of the Equipment and stating that (i) the

Builder is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as conducted on the date thereof, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder and enforceable against the Builder in accordance with its terms, and (iii) this Assignment has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder and enforceable against the Builder in accordance with its terms;

(g) a receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 4) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Railroad; and

(h) a certificate of an officer of the Railroad, dated as of such Closing Date, to the effect that, to the best of his knowledge and belief, no event of default, or event which with the lapse of time and/or demand provided for in the Conditional Sale Agreement could constitute an event of default, shall have occurred and is then continuing.

In giving the opinions specified in subparagraphs (d), (e) and (f) of the first paragraph of this Section 4, counsel may qualify any opinion to the effect that any agreement is a legal, valid and binding instrument enforceable in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally. In giving the opinion specified in said subparagraphs (d) and (e), counsel may rely on the opinion of counsel for the Builder as to authorization, execution and delivery by the Builder of the documents executed by the Builder and as to title to the Builder's Equipment at the time of delivery thereof under the Conditional Sale Agreement; in giving the opinion specified in said subparagraph (d),

counsel may rely as to any matter governed by the law of any jurisdiction other than New York on the opinion of counsel for the Builder or the opinion of counsel for the Railroad as to such matter; in giving the opinion specified in said subparagraph (f), counsel may rely on the opinion of counsel for the Railroad as to the matters referred to in clause (vi) of said subparagraph (d).

The Assignee shall not be required to make payment for the Equipment assigned hereunder:

(i) on any Closing Date, unless the interests acquired by the Assignee on such Closing Date shall be a legal investment under Section 81(2)(a), 81(2)(b) or Section 81(4)(b) of the New York Insurance Law; or

(ii) on any Closing Date, if such Closing Date occurs after the effective date (as such effective date may be delayed during the pendency of any further administrative or judicial appeal) of an order of the Interstate Commerce Commission (hereinafter called the Commission) in Ex parte 275, decided September 5, 1975 (hereinafter called the Order), unless either (a) there is a definitive clarification by the Commission, satisfactory to the Assignee, which makes clear either that the execution and delivery of the Conditional Sale Agreement and this Assignment prior to the effective date of the Order does not constitute "issuance" of a security for purposes of § 20a of the Interstate Commerce Act or that the Conditional Sale Agreement and this Assignment will not have to be authorized by the Commission pursuant to said § 20a, or (b) approval is obtained from the Commission pursuant to said § 20a in respect of this financing; or

(iii) at any time after the commencement of any proceedings specified in clause (c) or (d) of Article 16 of the Conditional Sale Agreement or if an event of default, or any event which with the lapse of time and/or demand provided for in the Conditional Sale Agreement could constitute an event of default, shall have occurred and be continuing under the Conditional Sale Agreement.

In the event that the Assignee shall not make payment for any Group of the Equipment, the Assignee shall

reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee, except that, if the Assignee shall not make payment in respect of a supplemental invoice for any Equipment after having made a payment in respect of a preliminary invoice for such Equipment, the Assignee shall retain all right, title and interest in and to such Equipment, but the Builder shall retain, as an unsecured obligation, the right to receive and collect from the Railroad the payment due under such supplemental invoice.

SECTION 5. The Assignee may assign all or any of its rights under the Conditional Sale Agreement, including the right to receive any payments due or to become due to it from the Railroad thereunder. In the event of any such assignment any such subsequent or successive assignee or assignees shall, to the extent of such assignment, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder.

SECTION 6. The Builder hereby:

(a) represents and warrants to the Assignee, its successors and assigns, that the Conditional Sale Agreement was duly authorized by it and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Railroad, the Conditional Sale Agreement is, in so far as the Builder is concerned, a valid and existing agreement binding upon it in accordance with its terms and that it is now in full force and effect without amendment thereto;

(b) agrees that it will from time to time and at all times, at the request of the Assignee or its successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee or intended so to be; and

(c) agrees that, upon request of the Assignee, its successors and assigns, it will execute any

and all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of such Builder therein or in the Equipment.

SECTION 7. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of New York; provided, however, that the parties shall be entitled to all the rights conferred as provided in Article 23 of the Conditional Sale Agreement.

SECTION 8. The Assignee agrees to deliver an executed counterpart of this Assignment to the Railroad, which delivery shall constitute due notice of the assignment hereby made. Although this Assignment is dated for convenience as of the date first set forth above, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

SECTION 9. This Assignment may be executed in any number of counterparts, all of which shall constitute a single instrument.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due authority, have caused this instrument to be executed in their respective corporate names by duly authorized officers, and their respective corporate seals to be hereunto affixed and duly attested, all as of the date first above written.
